

The Glut1 Deficiency Foundation would like to thank each of you for being here to meet, share, and learn with us!

2015 Conference

ORLANDO 

— meet • share • learn —

Family Program July 6-7 | Professional Program July 8

We recognize with special appreciation all the families who support the work of the Foundation and make mission projects like this conference possible. We know that together we can do so much more than any of us can do alone, and we are grateful for those who see beyond their own needs and work to also serve those of the greater community.

We are most fortunate to have a group of caring professionals serving our community whose level of commitment and compassion are matched only by their knowledge and expertise. The presenters you will meet during the conference are exemplary and we are grateful for their efforts in joining us and for all they do on a daily basis.

The Glut1 Deficiency Foundation Board of Directors:

- Jason Meyers, President
- Greg Stoddard, Vice President
- Rob Rapaport, Secretary
- Jen Lazar, Treasurer
- Janet Parkhurst, Advocacy Director
- Glenna Steele, Education Director
